Testimonial

Thanks a lot Sonali for conducting the powerful and confident training session on Blockchain Architecture. I was impressed with your in-depth knowledge of all major platforms, industry uses cases and way of handling all our tiring queries with utmost patience. Besides, your offer to go extra mile by providing additional content beyond the curriculum is appreciable.

-- Blockchain Council Trainee

Sonali is very sincere, dedicated and multi-talented personality. She is a very good technical trainer as well as researcher. I had invited her many times at PICT for faculty as well as students training program as a speaker as well as trainer. She got excellent feedback for it. She is a member of IQAC cell as well as college development committee member of PICT. She contributed towards the development of her alma mater.

Dr Archana Ghotkar- Associate professor, PICT, Pune
